#### Policy 13.J: [Generative Artificial Intelligence Technologies](#)

The Board of Regents recognizes that [generative](#) artificial intelligence [technologies \("AI"\)](#), [including generative artificial intelligence technologies](#) ("genAI"), offers opportunities to advance teaching, learning, research, and administration at the university. At the same time, [genAI](#) presents ethical, legal, and operational challenges. The university shall appropriately leverage [genAI](#) while protecting privacy, safeguarding security, and upholding transparency, fairness, and human oversight in alignment with its mission and values.

Use of [genAI](#) at the university shall comply with applicable laws, regulations, and policies, including, but not limited to, those concerning data privacy, data governance, information technology security, accessibility, intellectual property, and academic integrity. Further, the university shall implement policy providing governance structures to promote responsible and secure use of [AI, including](#) [genAI](#).
