3 **Policy 13.J: Generative Artificial Intelligence**
4
5 The Board of Regents recognizes that generative artificial intelligence ("genAI") offers
6 opportunities to advance teaching, learning, research, and administration at the university. At
7 the same time, genAI presents ethical, legal, and operational challenges. The university shall
8 appropriately leverage genAI while protecting privacy, safeguarding security, and upholding
9 transparency, fairness, and human oversight in alignment with its mission and values.

10 Use of genAI at the university shall comply with applicable laws, regulations, and policies,
11 including, but not limited to, those concerning data privacy, data governance, information
12 technology security, accessibility, intellectual property, and academic integrity. Further, the
13 university shall implement policy providing governance structures to promote responsible and
14 secure use of genAI.
