Subject: Proposed revisions to *Article 1.D: Ethical Conduct of the University of Colorado Community* and *Policy 1.C: Principles of Ethical Behavior*

Overview:

The University of Colorado Board of Regents enacted Article 1D of the Laws of the Regents and Regent Policy 1C to define expected standards of conduct. These policies previously used the phrase “university employees” to define their scope, but it remained unclear as to whether the policies applied to the regents of the University of Colorado, officers of the university, and others performing service in the university, such as adjunct faculty who are not regular employees.

By modifying the scope of Article 1D of the Laws of the Regents and Regent Policy 1C to apply to members of the university community, including regents, officers, faculty, and staff, the Board of Regents is clarifying its intent as it defines expected standards of conduct.

Action: RESOLVED that the Board of Regents unanimously waived the required Notice of Motion to modify Article 1D of the Laws of the Regents and Regent Policy 1C; and

RESOLVED the Board of Regents modifies Article 1D of the Laws of the Regents and Regent Policy 1C.

Effective – September 14, 2018.
