PSC Staff News

This month, we're pleased to welcome to our team an old colleague – and a new CU graduate.

Charlie Geanetta Returns to PSC Purchasing

Charlie Geanetta has recently rejoined the Purchasing Services team as a Senior Purchasing Agent. Charlie brings to CU more than 18 years of purchasing experience, with over half of that in the public sector. He first worked for the PSC from 2001-2007.

Charlie will be responsible for a number of commodity areas, including facilities management, custodial equipment, housing maintenance, laundry equipment, waste disposal, and vehicles. He replaces Jeff Darling, who recently accepted a position with Facilities Management on the Boulder Campus.

Charlie's office is located in the PSC suite on the 5th floor of 1800 Grant Street, Denver. You can reach him by emailing Charlie.Geanetta@cu.edu or by calling 303.764.3469.

Glad you're back, Charlie! Best of luck to you, Jeff!

Justin Burghardt Joins PSC Payables

Justin Burghardt joined the University first as a student ... then as a student worker. Now he's a full-time employee with the PSC Payables team.

The CU alum completed his Bachelor's degree in English Writing and was working on his Master's in English (awarded 2009, CU Denver) when he began his employment with the Office of University Controller, and subsequently the PSC, in 2008. In his new capacity, Justin is responsible for processing invoices in the CU Marketplace.

While not strictly speaking a native Coloradan, Justin does consider Colorado to be his home state. And Payable Services is excited that he now calls their unit his work "home."

We're delighted you're here, Justin!

Supplier Showcases: Register Now!

Be sure to take advantage of the easy [registration form](#) and sign up soon for the campus showcase of your choice.

Introducing CU's New International Travel Card

Our new International Travel Card has been designed to facilitate trips by University employees and affiliate fiscal staff. Unlike the current Travel Card, which is intended primarily for domestic use and which does not always work abroad, the International version of the card can be used to cover travel expenses in the U.S., Latin America, Europe, and Asia.

The new card is available upon request to employees and affiliate fiscal staff who travel internationally.

To apply for the new card, submit the Cardholder Application-Travel Card form on the [Procurement Service Center \(PSC\) Forms webpage](#).

Good news! If you've previously completed the 2 required SkillSoft courses, you do not need to take the online training again. The new card will be sent to your work address within 10 business days of processing.

Please note that, although the new card will come with a PIN (personal identification number), the card cannot be used to obtain cash advances.

If you have a current Travel Card, the new card will replace it – and will have a different card number. You do not, however, need to close your current card. We will inactivate it when we see that you have activated your new International Travel Card.

We encourage you to check out the information available on the [PSC website](#).

Supplier Showcase Info on the Web

Detailed information about the 2012 Supplier Showcases is now available on the PSC website.

In addition to date, location, and information on the [PSC home page](#), you can now click to a dedicated [Supplier Showcase website](#) to find complete details of the events.

New Exhibitors at the Showcases

We're pleased to announce that many new exhibitors will participate this year! To view the current list of participants, check out the new Supplier Showcase webpage.

For more information, contact Penny Davis at penny.davis@cu.edu. We'll 'CU' there in September!
