## Supplier Showcases in Progress

Our first Supplier Showcase of 2012 was held last Friday (Sep 14) at the Anschutz Medical Campus. We move to the Colorado Springs campus this week (Wed, Sep 19) ... and on to Boulder the following week (Wed, Sep 26).

You can still [register online](#).

**Questions?** Contact Penny Davis at [penny.davis@cu.edu](mailto:penny.davis@cu.edu).

## CU Marketplace Catalog Assistance

If you purchase from any of the more than two dozen suppliers with catalogs in the CU Marketplace, you'll want to be familiar with the following resources:

The CU Marketplace Punch-out and Hosted Catalogs webpage offers links to user guides for each of the specific catalogs in the Marketplace. To get there, visit the [CU Marketplace Learning Resources page](#) and look in the Related Links box.

The CU Marketplace Catalog Supplier Information Matrix provides a wealth of information on Marketplace catalogs and companies. Want to find out the deadline for orders to ship the same day? Or look up a rep for one of the catalogs? The matrix has the answers to these questions and many more.

**Questions?** Contact [kyle.webb@cu.edu](mailto:kyle.webb@cu.edu).

## New Marketplace Suppliers

The PSC is pleased to announce three new Marketplace Suppliers: B&H Photo, EMD Millipore, and Konica Minolta.

Each of the new suppliers now offers a punch-out catalog online in the CU Marketplace, so if you're looking to order from any of them, the Marketplace is the way to do so.

Each supplier brings unique contributions to the University purchasing community:

**B&H Photo** offers a wide variety of professional grade photographic, audio, video, and presentation equipment.

**EMD Millipore**, a division of Merck, is a life sciences organization that, in partnership with its customers, creates innovative solutions for research, development, and production worldwide. With a large range of products, Millipore is a top tier supplier of tools and technologies to the life science industry

**Konica Minolta** is one of the University's two strategic suppliers providing copiers and multifunction devices. For more information on the equipment that Konica offers, see [How to Rent Copiers](#).

Questions about the strategic sourcing process? Please contact Duane Tucker at [duane.tucker@cu.edu](mailto:duane.tucker@cu.edu) or 303.764.3453.
