Definitions

Consistency rule: Under the Consistency Rule, the election change is on account of and corresponds with the Qualifying Life Change that affects eligibility for coverage under an employer's plan. Changes to benefit plans must be consistent with the Qualifying Life Change and correspond with a gain or loss of eligibility for coverage.

Gain of eligibility of group coverage: When canceling CU coverage, CU requires proof that employee and/or dependents have or will have coverage. We require a letter or other document from dependent's employer or insurer stating:

- The individuals that gained group coverage (by name).
- The effective date of group coverage.
- The types of plans that were gained (medical, dental and/or vision).
