### Requesting Cash Advances for University Trips

#### What is a Cash Advance?

A cash advance is an amount of money approved by the organizational unit and the PSC, and given to an employee to cover incidental out-of-pocket expenses related to official university business travel.

For further information about cash advances – including dollar amounts, eligible anticipated expenses, required approvals, and timeframes for expense report submission – refer to the PSC Procedural Statement [Cash Advances](#).

#### Before Beginning Your Request...

There are several things to consider before you begin your cash advance request:

- You must already be set up to request cash advances within the Concur Travel & Expense System. To be set up, submit a completed [Cash Advance Setup form](#) and complete the required training as noted on the form. The Procurement Service Center (PSC) will notify you when your form has been processed.  
**Note: You only need to be set up once, before requesting your first cash advance.**
- You must request your own cash advances – this process cannot be done by a delegate.
- Your cash advance request will automatically be sent to your designated cash advance approver for approval. If your designated cash advance approver is not available to approve your request, email [procurement.card@cu.edu](mailto:procurement.card@cu.edu) for assistance prior to initiating the advance request.
