

## **Step-by-Step Guide**

### *Creating (or Renewing) Subcontract SPOs in CU Marketplace*

#### **In This Guide**

This guide discusses the Standing Purchase Order (SPO) process for subcontracts, including how to create new Subcontract SPOs and how to renew Subcontract SPOs. Topics covered are:

- ✓ Subcontract SPO definition
- ✓ Procedure to create/renew Subcontract SPOs
- ✓ Subcontract SPO process cycles
- ✓ Procedure to pay SPO invoices

**Note on SPOs:** There is a separate Step-by-Step Guide for [\*Creating \(or Renewing\) SPOs\*](#). Use this guide to create/renew an SPO that is **not** a subcontract.

#### **What is a Subcontract SPO?**

The SPO is a method of procurement used for repetitive purchases from non-catalog suppliers over a period of time, with a total anticipated cost greater than \$5,000. A subcontract is involved when the University plans to purchase services from an external supplier (e.g., another university) with funds from an external sponsor (e.g., the National Institutes of Health).

### Subcontract SPO Creation/Renewal Procedure

#### Can't find your supplier?

A supplier must be set up in CU Marketplace before you can enter a form. Refer to the [CU Supplier Portal web page](#) for guidance.

3. Verify that supplier information is correct. Note that the **Fulfillment Address** is the address to which the Subcontract SPO will be issued. The preferred fulfillment address specified by the supplier will default.

- B. The **Unit Price** defaults to "1.00" and cannot be changed.

- F. Enter the **End Date** of the contract/budget period for the SPO Encumbrance.

- G. Enter the **Subcontract Grand Total** amount. This is the amount over the entire term of your subcontract. For example, if your SPO is for 2 years with \$10,000 each year, then the Subcontract Grand Total amount is \$20,000.
- H. If renewing an existing Subcontract SPO, enter the **Standing Order PO # being replaced**.

The screenshot shows the 'Standing Order Details' form. It includes a text area for 'SPO Description' with a character count and 'expand | clear' links. Below this is a 'Commodity Code' dropdown. The 'Standing Order Term' section contains 'Begin Date' and 'End Date' fields with calendar icons. The 'Additional SPO Details' section has fields for 'Subcontract Grand Total (Multi-Year Only)' and 'Standing Order PO # being replaced'. The 'Unit Price' is set to 1.00 and the 'SPO Encumbrance' is an empty field.

#### Step #2: Add form to your shopping cart

1. Use the **Available Actions** dropdown menu located at the top of page and select *Add and go to Cart*; click the **Go** button.

3. Click the **Shipping** tab.
4. Click the **edit** button to the right of the **Ship To** field.
5. Use the dropdown to select from addresses in your profile.

Or, search for a different shipping address by clicking the [click here](#) link. Then, click the [select from org addresses](#) link and enter part of your address in the **Nickname/ Address Text** field. Select the appropriate address from the resulting list.

6. Enter the attention (**ATTN**) and room/floor/suite (**RM/FL/STE**) information and click the **Save** button.

Due to space limitations on the supplier's side, enter the **ATTN** and **RM/FL/STE** information as concisely as possible.

These fields can be used to enter other pertinent delivery information but keep in mind that the field truncates differently for different suppliers. Be brief!

Each invoice will be charged according to this accounting information. The accounting distribution should not be changed for individual invoices since your campus sponsored project office approves the accounting distribution for subcontracts.

12. Click the **Save** button.
13. Click the **Internal Notes and Attachments** tab, if needed, to add notes to someone other than the supplier, such as the PSC purchasing agent or your financial approver.
14. Click the **Final Review** tab to complete your review. If needed, click the **edit** button to make additional updates.

#### *Step #4: Submit shopping cart as a requisition*

(You must have Requestor access in order to perform this step.)

1. Click the **Submit Order** button located in the upper right corner.
2. A congratulatory message will appear, along with a summary of your requisition.  
CU Marketplace will send an email notification to the Approver(s).

#### *Step #5: Receive appropriate approvals*

After the Requestor submits your shopping cart as a requisition, CU Marketplace routes your requisition for financial approval. Financial approval is given by an individual with a fiscal role on the SpeedType (except Officer or Fiscal Staff – Report Recipient) who is also a CU Marketplace Approver.

After financial approval is obtained, CU Marketplace routes your requisition for approval by your campus sponsored project office. Once approved by your campus sponsored project office, your requisition will convert into an SPO. The Requestor will receive an email notification from CU Marketplace. Your SPO is communicated to the supplier (subcontractor) in preparation for your upcoming orders.

#### **SPO Payment Procedure**

First, let's begin by reviewing the SPO payment cycle illustrated on page 2:

Once an order is placed with a supplier, referencing your SPO number, the supplier must submit an invoice to receive payment.

If the SPO total amount is over \$5,000, the Invoice/Match Exception Approver(s) must approve each invoice to pay – regardless of the dollar amount of the individual invoice.

If you receive the invoice prior to the PSC, email the invoice to [APIInvoice@cu.edu](mailto:APIInvoice@cu.edu).

An email notification is sent to the Requestor and any Invoice/Match Exception Approvers once the invoice is entered as a voucher into CU Marketplace.

The Invoice/Match Exception Approver(s) must review and, if appropriate, approve the voucher for payment to be made.
