Using Hosted Catalogs to Shop in CU Marketplace

In This Guide

This guide discusses the hosted catalog shopping process. Topics covered are:

- ✓ Hosted catalog definition
- ✓ Hosted catalog shopping process cycles
- ✓ Procedure for hosted catalog shopping
- ✓ Procedure to pay invoices (receiving)

What does "hosted catalog" mean?

Catalog shopping can be accomplished using hosted or punch-out catalogs – in other words, where CU-specific items and prices are offered by CU-contracted suppliers. Hosted catalogs are maintained directly within CU Marketplace.

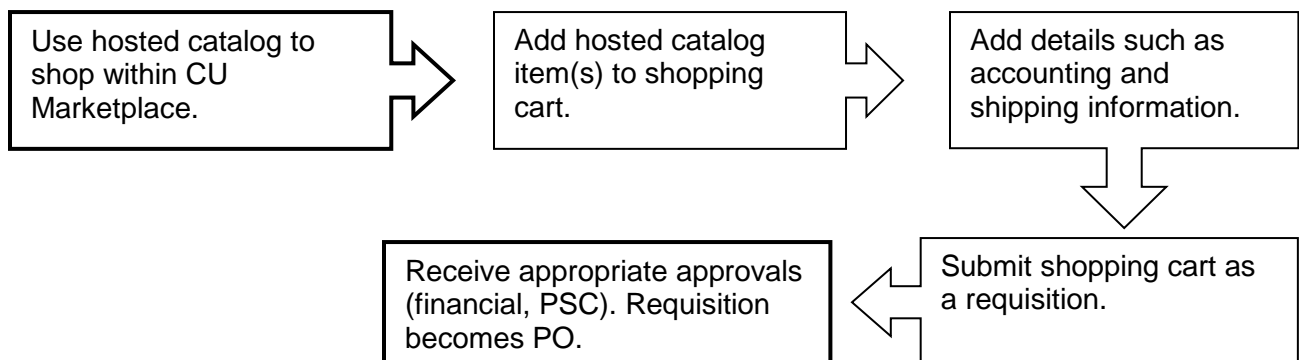

The hosted catalog shopping experience has a consistent look and feel regardless of the supplier.

Sole Source Purchases

For purchases over \$5,000 where only one supplier can provide the goods or services being requested, instead use the Sole Source Justification form. Refer to the Step-by-Step Guide [Creating Sole Source Procurements in CU Marketplace](#) for further guidance.

(You must have Requestor access in order to perform this step.)

- Click the **Submit Order** button located in the upper right corner.
- A congratulatory message will appear, along with a summary of your requisition. CU Marketplace will send an email notification to the Approver(s).

Step #4: Receive appropriate approvals, if needed

After the Requestor submits your shopping cart as a requisition:

- For requisitions \$5,000 or less – CU Marketplace converts your requisition into a PO and communicates your PO to the supplier to place your order.

Step-by-Step Guide

Using Hosted Catalogs to Shop in CU Marketplace

- For requisitions over \$5,000 – CU Marketplace routes your requisition for financial approval. Financial approval is given by an individual with a fiscal role on the SpeedType (except Officer or Fiscal Staff – Report Recipient) who is also a CU Marketplace Approver. After financial approval is obtained, CU Marketplace routes your requisition for PSC approval. Once approved by the PSC, your requisition will convert into a PO. The Requestor will receive an email notification from CU Marketplace. Your PO is communicated to the supplier to place your order.

PO Payment Procedure

First, let's begin by reviewing the payment cycle illustrated on page 1:

Once your order is placed with a supplier, referencing your PO number, the supplier must submit an invoice to receive payment.

If the PO total amount is over \$5,000, online receiving is required to authorize each invoice to pay – regardless of the dollar amount of the individual invoice.

If you receive the invoice prior to the Procurement Service Center (PSC), email the invoice to APIInvoice@cu.edu.

An email notification is sent to the Requestor and any approvers once the invoice is entered as a voucher into CU Marketplace. You can then review the voucher online. The Requestor (or Receiver) should enter receiving.

Enter receiving to authorize invoice(s) to pay:

1. Begin by accessing CU Marketplace via [your campus portal](#). Locate your **CU Resources** section and, under the **Business Applications** area, select the **CU Marketplace** link.

- Click the **Complete** button located in the lower right corner of the page.
 - A confirmation page will appear noting the receipt and PO numbers.

In some cases, a supplier might send multiple shipments to fulfill one PO. For example, an item could be on backorder, or a large order might be shipped in multiple boxes which could be separated during shipping. Because of this, it is possible to enter receiving more than once on a given PO.
