PCR, RT, & Real-Time qPCR
- High Fidelity PCR EcoDry
- Terra PCR Direct Polymerase
- Show me all

Cloning, Mutagenesis & Competent Cells
- Cloning Kits (Lyophilized)
- Cloning Kits (Liquid)
- Show me all

cDNA Synthesis & Library Construction
- SMARTer for Illumina®
- cDNA Synthesis Kits
- Show me all

Viral Transduction
- Lentiviral Systems
- Lentiviral Packaging
- Show me all

Protein Expression & Purification
- His Tag Purification Nickel Resin
- Anti-DYKDDDDK Antibody (for Flag Tag Detection)
- Show me all

Protein Interactions & Profiling
- Yeast Two-Hybrid Media Sets
- Matchmaker Gold Yeast Two-Hybrid
- Show me all

Cell Based Assays
- CherryPicker Cell Capture
- Cell Proliferation- WST1
- Show me all

Transfection & Cell Culture
- Xfect Plasmid Transfection
- Xfect siRNA Transfection
- Show me all

Inducible Protein Interactions
- Product Overview
- Inducible Homodimerization
- Show me all

Fluorescent Proteins & Reporters
- Fluorescent Proteins Color Wheel
- Fluorescent Protein Antibodies
- Show me all

Inducible Systems
- Tet-Express
- Tet-On 3G
- Show me all

Nucleic Acid Purification
- DNA Clean-up
- RNA Isolation
- Show me all

Simple, efficient RNA purification
Free sample available
Lyse Filter Bind Wash Elute
Our kits include DNase I & shredders!

Clontech Punch-out User Guide

You can also search pre-defined product categories by placing your cursor over the "Products" tab at the top of the page or by selecting from one of the category listings below it.

Clontech Punch-out User Guide

Once you've located the item listing you're looking for, you'll need to select the exact product type and size before adding it to your cart. Determine exact item you need, enter the quantity needed, click on the selection box, and click add to cart.

▼ Direct PCR

• Terra PCR Direct Polymerase Mix

• Terra qPCR Direct Polymerase Mix

▶ High Fidelity PCR
▶ High Yield PCR Polymerase
▶ Long PCR & GC-Rich PCR
▶ Lyophilized Master Mix
▶ Mutagenesis Reagents
▶ PCR Reagents & Accessories
▶ Proofreading PCR
▶ Real-Time qPCR Reagents
▶ Reverse Transcription Reagents
▶ PCR Cleanup

and purification, and go directly to PCR amplification. Terra PCR Direct contains a novel DNA polymerase that lets you amplify directly from animal and plant tissues, as well as from crude DNA extracts. In addition to saving you time and money, this highly sensitive DNA polymerase lets you save precious samples by requiring only a small amount of DNA template. Moreover, Terra PCR Direct comes preblended with a monoclonal antibody, allowing automatic hot start PCR. Terra PCR Direct Polymerase Mix lets you easily amplify DNA targets up to 2 kb, even when the GC-content is greater than 70%.

Features

With Terra PCR Direct Polymerase, genotyping is easy:

• Skip sample prep
• Amplify directly from animal or plant tissues
• Easily amplify GC-rich targets
• Room-temperature set-up—automatic hot start
• Terra PCR Direct Red Dye Premix includes a gel-loading dye for added convenience

Add to Cart

You can add multiple prouct/ sizes all at the same time. To do so, follow the instructions above and "check" all of the selections boxes for the parts you wish to add, before you select the add to cart button.

Clontech Punch-out User Guide

Enlarged Example:

Once you've selected the "Add to Cart" button, you'll be automatically directed to your Clontech shopping cart. If you're not done shopping yet, simply click the **Continue Shopping** button:

You will also see the availability of all the items in your cart. You may be instructed to call Clontech for Special orders.

Clontech Punch-out User Guide

Within your Clontech shopping cart you'll have several options. You can adjust the the quantity of items in your cart, remove an item(s), specify a specific lot #, or add a sales agreement code.

- **If you change the quantity of an item in your cart, or add a specific Lot #, ensure to select the** Recalculate **button before checking out..**
- **If you have a sales agreement code, enter it into the text field and select apply. If the code is good, pricing will be changed within the shopping cart.**
- **If you've completed your shopping you can return your cart to the CU Marketplace by selecting** Submit
