

## • Sustainability

Of the 105 companies known to be operating:

- ## New Startups (FY2012-13)

- ## Funding

- ## Legend

- TTO Proof of Concept Investment received
- ▲ First SBIR/STTR grant received;  
total number of SBIR/STTR's received
- ◆ Most recent private or VC funding

University of Colorado

Boulder | Colorado Springs | Denver | Anschutz Medical Campus

TECHNOLOGY TRANSFER OFFICE

Companies  
University of Colorado

have been formed based on CU technology.

operating:

(although the headquarters may be located out-of-state)

y Transfer Office (TTO) Proof of Concept investments

y publicly traded companies (either through an IPO

c companies (including all of the above seven  
ic)

12-13)

ent for the orphan disease neuromyelitis optica

utics for the treatment of bladder cancer

e vision solutions for robotics, automation, and

y manufacturing of traditional and technical

oilized vaccines for refrigeration-free use

rgeting a novel transcription factor/  
d metastatic cancers

safe and low-cost all-solid-state

wound closure and tissue fusion

d over \$200M in follow-on  
ate grants, venture financing,  
itions/mergers.
