Bring Back Sample Questions for Exam Guides on Trailhead

Trailhead

While I really like that exam guides are no longer a downloadable pdf, I miss the 5 sample questions at the end of the exam guides. I use these questions to get a better understanding of how prepared I am for the exam.

I would really love to have these sample questions back, maybe even as a trailhead quiz!?

Schedule Reports as Attachments and add Adobe PDF

The schedule report feature is nice but it would be great to have a feature to schedule reports as an Adobe PDF attachment. I run reports to our Executive team and they want them in an PDF format. Also, sometimes I also need to schedule reports for other departments.
