

Cvent | Event Testing ^[1]

June 27, 2024 by [Melanie Jones](#) ^[2]

Testing your event registration and website ^[3] is an important step before requesting approval from your eComm specialist and then launching your event ^[4].

Perform Test Myself

Navigate to Testing

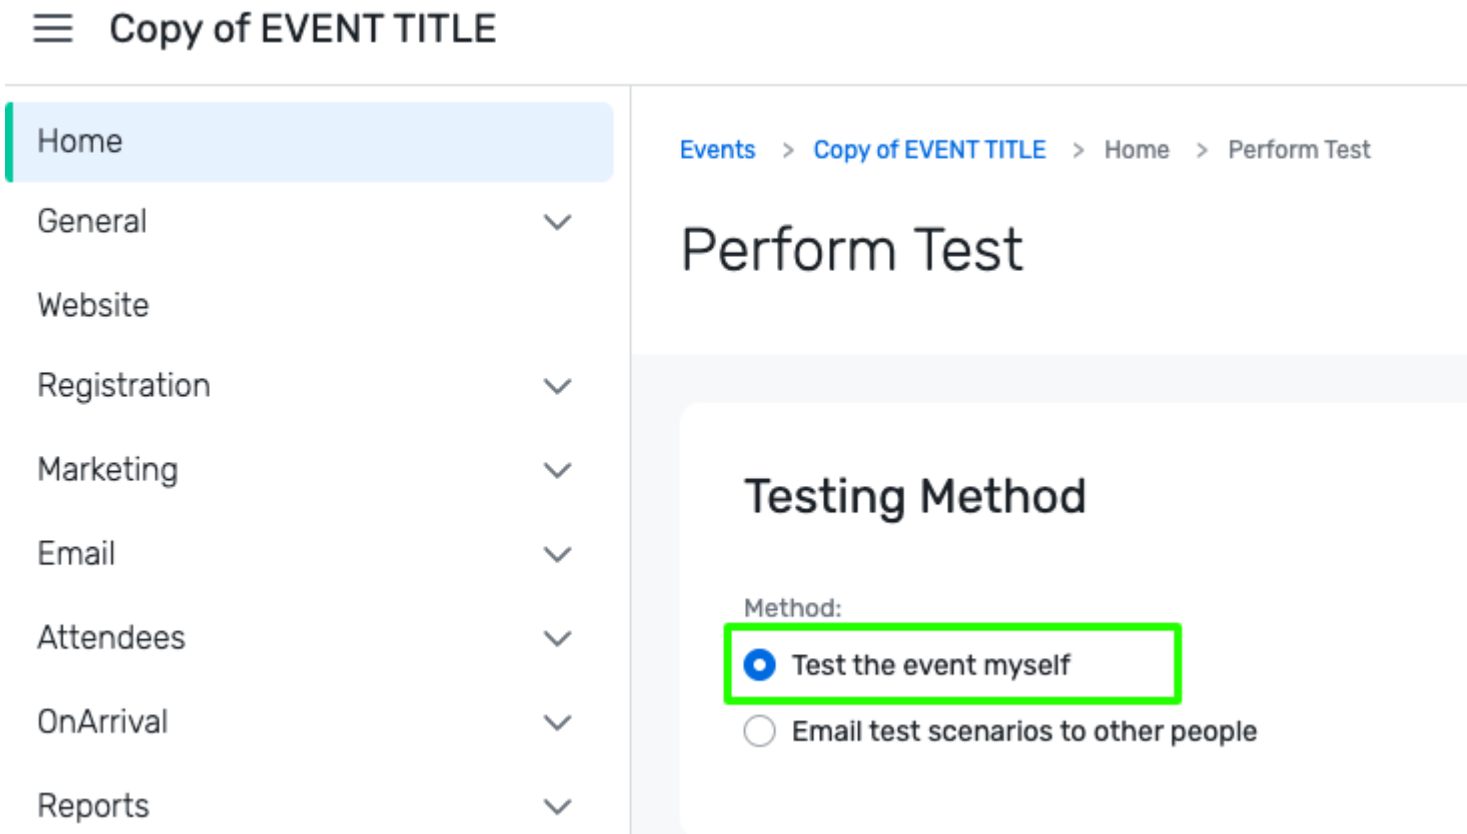

Navigate to the event's **Home** page. On the top-right side, click on **Actions** and **Perform Test** button

The screenshot displays the Cvent event management interface. On the left is a navigation menu with a hamburger icon and the text "Copy of EVENT TITLE". The "Home" option is highlighted with a green border. Below it are menu items for "General", "Website", "Registration", "Marketing", "Email", "Attendees", "OnArrival", "Reports", and "Integrations", each with a downward arrow. The main content area shows a breadcrumb trail: "Events > Copy of EVENT TITLE > Home". Below this is the event title "Copy of EVENT TITLE" and a status indicator "Upcoming" with a calendar icon and the date and time "8/26/2024 6:00 PM - 10:00 PM MT (60 days)". A section titled "Up next for your event" features a lightbulb icon and a card with a star icon and the text "Double-check event features". The card also contains the text "Make sure the event features you copied are the ones you need." and two buttons: "View features" and "Skip".

Select Testing Method

Select the Testing Method **Test the event myself** if you'll be completing the test. If you need to send test scenarios to other people, see the **Send Test Scenarios to Others** section of this wiki.

Enable Popups Your test will open in another tab. You will need to enable popups [5] if the test does not appear. If you continue to have trouble accessing the test scenario, try another browser, such as Google Chrome or Mozilla Firefox.

The screenshot shows a web interface for performing a test. On the left is a navigation menu with a hamburger icon and the text 'Copy of EVENT TITLE'. The menu items are: Home (highlighted), General, Website, Registration, Marketing, Email, Attendees, OnArrival, and Reports. The main content area has a breadcrumb trail: 'Events > Copy of EVENT TITLE > Home > Perform Test'. Below the breadcrumb is the heading 'Perform Test'. A light gray box contains the 'Testing Method' section. Under 'Method:', there are two radio button options: 'Test the event myself' (which is selected and highlighted with a green box) and 'Email test scenarios to other people'.

Select Test Parameters

Under **Setup**, choose what area of the event you want to test and click **Start Test**. Repeat as necessary.

Perform Test

Testing Method

Method:

- Test the event myself
- Email test scenarios to other people

Setup

Select the area of the event you want to test and how people will arrive at that area.

Area:

- Email
- Website
- Registration Process
- My Registration

Test for invitees who arrive from: ?

- Cvent Email
- Weblink

Starting Page: ?

Summary

Send Test Scenarios to Others

Navigate to Testing

Navigate to the event's **Home** page. On the top-right side, click on **Actions** and **Perform Test** button

The screenshot displays the Cvent event management interface. On the left, a navigation menu is visible with the following items: Home (highlighted with a red border), General, Website, Registration, Marketing, Email, Attendees, OnArrival, Reports, and Integrations. The main content area shows the event title "Copy of EVENT TITLE" and a breadcrumb trail: Events > Copy of EVENT TITLE > Home. Below the title, it indicates the event is "Upcoming" and scheduled for "8/26/2024 6:00 PM - 10:00 PM MT (60 days)". A section titled "Up next for your event" features a card with a lightbulb icon and the text "Double-check event features". The card includes the instruction "Make sure the event features you copied are the ones you need." and two buttons: "View features" and "Skip".

Select Testing Method

Select the Testing Method **Email test scenarios to other people** if other people will be testing.

- *People must be Cvent users, Access Portal users, or Test users to send them test scenarios using this method. Follow these instructions if you need to send a test to someone who is not a user [6].*

Perform Test

Testing Method

Method:

- Test the event myself
- Email test scenarios to other people

Select Recipients

In the recipient's section, click the **Add Recipients** button.

Recipients

Select who will receive the test scenarios. To send tests to people without a Cvent login, go to users.

Name	Type	Delete
You do not have any recipients.		

Add Recipients...

- A pop-up will appear.
- **Check the box** next to the individual(s) you want to send a test to.
- Click the blue **OK** button at the bottom.

Want to have someone else test? People must be Cvent users, Access Portal users, or Test users to send them test scenarios using this method. Follow these instructions if you need to send a test to someone who is not a user

Select Recipients

Account User ▾

Select	Name	Email Address
<input type="checkbox"/>	Jones, Brennan	brennan.jones@Colorado.EDU
<input checked="" type="checkbox"/>	Jones, Melanie	melanie.jones@cu.edu
<input type="checkbox"/>	Jutte, Brie	brie.waterman@colorado.edu
<input type="checkbox"/>	Kercsmar, Anne	anne.kercsmar@cuanschultz.edu

[Add Scenario](#) **OK**

Select Testing Parameters

In the Scenarios section, click the **Add Scenarios** button.

Scenarios

Set up and describe scenarios that you want the recipients to test.

Edit	Name	Delete
You do not have any scenarios.		

[Add Scenario...](#)

- A pop-up will appear. Set the items so:
 - **Area: Website**

- **Test for invitees who arrive from: Weblink**
- **Starting page: It depends**
 - The starting page is typically the **Summary** of the website but could be the first page of the registration process
- **Description:** If the testers need any instructions
- Click the blue **OK** button at the bottom

To: Melanie Jones

eComm Training has invited you to test the event website and/or registration process
The available tests are listed below.

Link	Description
Perform Test	Test

Preview Event

Using the Preview option in Cvent is a great way to view your event from the registrant's perspective. While you can get a good sense of how the website and registration process work, you cannot complete a true test.

- Click the **Preview** option towards the top right
- A new tab will open with a preview of your event website

- Home
- General
- Website
- Registration
- Marketing
- Email
- Attendees
- OnArrival
- Reports
- Integrations

Events > Copy of EVENT TITLE > Home

Copy of EVENT TITLE

Upcoming 📅 8/26/2024 6:00 PM - 10:00 PM MT (60 days)

Up next for your event

Double-check event features
Make sure the event features you need.
