

Cvent | Hiding your Cvent event from search engines ^[1]

July 24, 2016 by [\(not verified\)](#) ^[2]

You know what they say about the internet: once something's on there, it's on there for-ev-er. All the more reason to double-check your settings before launch. Choose to make your event public during the Event Creation Wizard, and, once it's active, it will automatically display in search engines. Ensure that doesn't happen by following the steps below.

You must be logged into Cvent Help and Support in order to access tutorials.

1. Login to Cvent
2. Click the Help and Support link (top, right)
3. Once you are on the Cvent Help and Support site, you can click the button below
