Cvent Portal [1]

June 3, 2025 by Melanie Jones [2]

NOTE Publishing Reports to the Cvent Portal will require the support of your eComm specialist.

The <u>University of Colorado Cvent Portal</u> [3] makes Cvent Reports available to stakeholders via a secure login. These free licenses grant individuals access to specific Reports that can be viewed in real-time, filtered and exported as needed. See below for instructions for existing users and those becoming Portal Users for the first time.

Access Reports for Existing Portal User

• Once a Portal User can log in to <u>CU's Cvent Portal</u> [3] (bookmark this link) to input their username and password.

NOTE If another user has previously applied a filter, it may still be applied. This could result in you viewing or exporting a fraction of the data. Check the Filters to confirm you have your intended information.

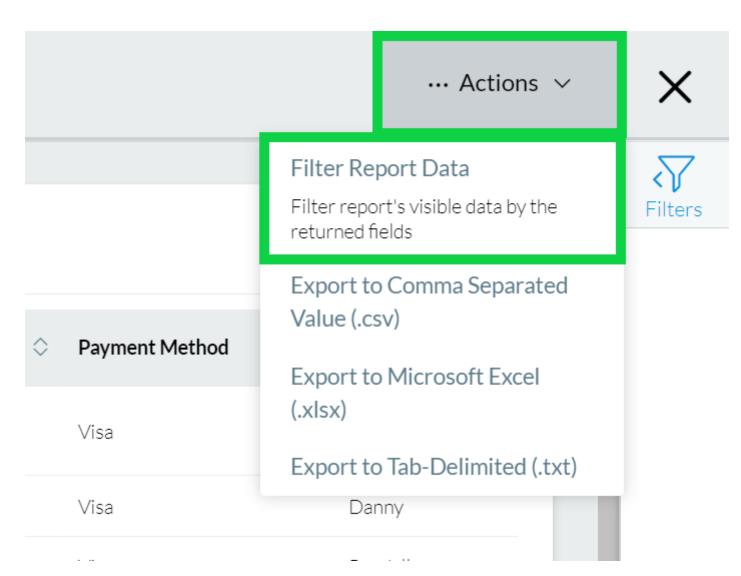

The Report creator can make a variety of relevant filters available to be applied in the Report. Portal users can apply Filters to view and/or export a segment of the data in two easy ways:

1 | Click the **Filters** on the right hand side

>	Transaction Type	\$	Payment Method	\$	First Name
	Online Charge		Visa		Marilyn
	Online Charge		Visa		Danny

2 | Hover **Actions** in the top right >> Click **Filter Report Data** in the dropdown

- Either route will expand the Filters pane on the right side.
- Scroll through available filters to modify them, then click the green Apply button towards the bottom.

Click the **Clear All** button to remove any filters that have been added.

Portal users can Export Reports in their entirety or after applying Filters. Choose to Export as a .csv, .xlsx or .txt file.

• Hover **Actions** in the top right >> Select one of the export options in the dropdown

Grouping

If grouping has been applied to the Report, you will have the option to keep the grouping in your export or remove it (detailed view).

Initial Portal User Setup & Report Creator Details

STEP 1 | Request Portal User (free)

- Contact your <u>eComm specialist</u> [4] to have a Portal User created for free. You'll need to provide a First Name, Last Name, and Email Address
- When someone's added to the Portal, they receive the following email (be sure to check your promotions or SPAM folder).
 - o The link to set your password will expire after a few hours.

Portal Name

Hi PortalUserFirstName PortalUserLastName,

You've been invited to the Portal Name. To create your account, <u>navigate to the portal</u> to set your password. Don't forget to <u>bookmark the portal</u> for future use

Your username: PortalUsername

Your password: Created on first login

Contact PortalSenderFirstName PortalSenderLastName if this email expires (after 24 hours).

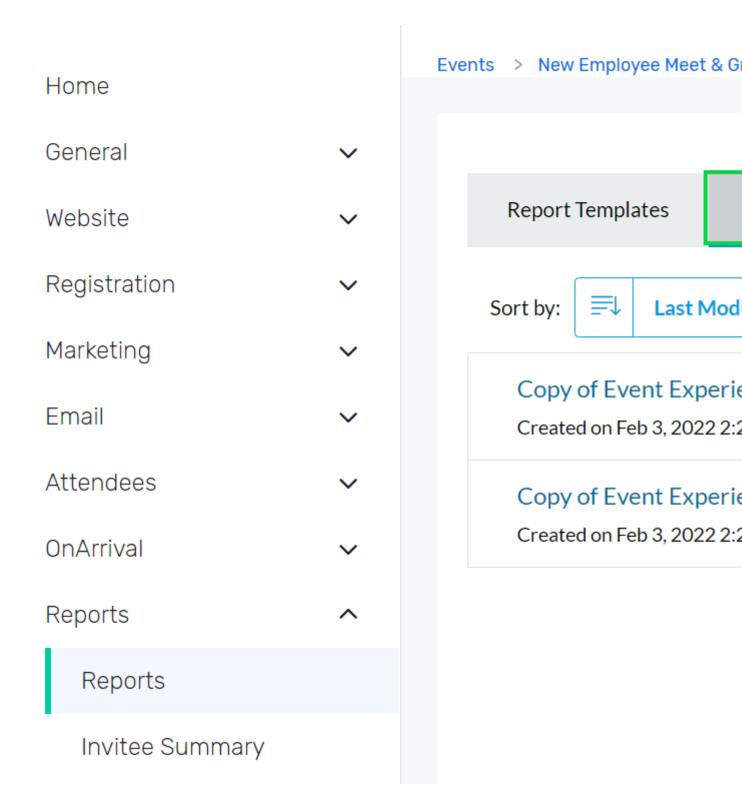

Go to Portal & Set Password

- Click Go to the Portal & Set Password and complete the steps to activate your account.
 - TIP! Bookmark this page for future reference.
 - Reports cannot be shared until a Portal User's account has a password set (or is active).

STEP 2 | Request Reports to be Published

- The Report(s) that you wish to have shared should already be created and saved. [5]
- Share the Report Visibility with your eComm specialist.
- Share Already Saved Report
- Share Report While Saving

Navigate to your saved Report. Click the dropdown arrow next to the Run button. Click Edit Visibility in the dropdown.

In the **Visible to** section, it is set by default to **Only me**. To expand visibility to others, **click the pencil icon**.
