

Cvent, Standard | Using invitation forwarding in Cvent ^[1]

July 24, 2016 by [\(not verified\)](#) ^[2]

Grow your contact list and increase registrations by letting the masses do your marketing. Once you enable invitation forwarding, registrants will be able to enter their friend or coworkers' email during registration and invite them to sign up too. Invitees can forward invitations during registration, from an email, or even from the regret survey after they RSVP "no."
