

## **Cvent, Standard | WYSISYG editor** <sup>[1]</sup>

July 24, 2016 by [\(not verified\)](#) <sup>[2]</sup>

Not a code guru? Don't sweat it. Cvent's HTML Editor is a WYSIWIG. The term may sound like a second-string Star Wars character, but it's actually an acronym for "What You See Is What You Get." That means content displayed while editing closely corresponds to how it will appear on the related page or email.

**You must be logged into Cvent Help and Support in order to access tutorials.**

1. Login to Cvent
2. Click the Help and Support link (top, right)
3. Once you are on the Cvent Help and Support site, you can click the button below
