

Designing Cvent Emails ^[1]

November 18, 2019 by [jennifer.mortensen](#) ^[2]

As you may already know, all emails sent from Cvent are sent transactionally - meaning that they occur **AFTER** a constituent registers to attend a special event. Post-registration communications typically include at least some of the following communications:

- Registration Confirmation (and Administrator Registration Confirmation, if applicable)
- Modification Confirmation
- Cancellation Confirmation
- Event Reminder (Know Before You Go)
- Post-Event Survey or Thank You Message to Attendees

Cvent contains great out-of-the-box functionality that can help to make your event communication goals a reality, but what exactly should you include (or not include) in your emails?

What to Include in your Event Emails

Cvent offers a host of data tags in its emails so that you can include the information that is most relevant to your attendees. A few that CU's event planners use most typically are as follows:

Registrant Information

- Registrant First Name and Last Name: `{{C-FIRST NAME}}` `{{C-LAST NAME}}`
- Guest Names: `{{G-GUEST NAMES}}`
- Total Number of People Registered in Party: `{{C-NUM RESERV}}`
- Confirmation Number: `{{C-CONFIRMATION NUM}}`

Event Information

- Event Title: `{{E-TITLE}}`
- Event Date: `{{E-START DATE}}` and `{{E-END DATE}}` (if applicable)
- Event Time: `{{E-START TIME}}` and `{{E-END TIME}}` (if applicable)
- Event Location: `{{E-LOCATION}}`
- Event Address: `{{E-ADDRESS}}`

Event Planner Information

- Event Planner Name: {[P-FIRST NAME]} {[P-LAST NAME]}
- Event Planner Email Address: {[P-EMAIL]}

Other non-Cvent data tag elements you might want to consider including in your emails are as follows:

- A map of your event venue (or a link to one)
- Parking information and walking instructions
- Downloadable parking pass
- Event venue information (such as food/beverage allowed inside, clear bag policy, etc.)
- Venue accessibility information
- Any other pertinent event details that your attendees need to know (arrive early, look for signs directing to venue, etc.)
- The CU logo
- A header image associated with your event

What Not to Include in your Event Emails

By default, Cvent's emails contain a few elements that you do not need to keep for your event communications. These include the following:

- The Cvent logo at in the footer of your email
- The Cvent privacy policy in the footer of your email
- The unsubscribe option in the footer of your email (since post-event communications are sent transactionally)
