As you may already know, all emails sent from Cvent are sent transactionally - meaning that they occur AFTER a constituent registers to attend a special event. Post-registration communications typically include at least some of the following communications:

- Registration Confirmation (and Administrator Registration Confirmation, if applicable)
- Modification Confirmation
- Cancellation Confirmation
- Event Reminder (Know Before You Go)
- Post-Event Survey or Thank You Message to Attendees

Cvent contains great out-of-the-box functionality that can help to make your event communication goals a reality, but what exactly should you include (or not include) in your emails?

**What to Include in your Event Emails**

Cvent offers a host of data tags in its emails so that you can include the information that is most relevant to your attendees. A few that CU's event planners use most typically are as follows:

**Registrant Information**

- Registrant First Name and Last Name: {{C-FIRST NAME}} {{C-LAST NAME}}
- Guest Names: {{G-GUEST NAMES}}
- Total Number of People Registered in Party: {{C-NUM RESERV}}
- Confirmation Number: {{C-CONFIRMATION NUM}}

**Event Information**

- Event Title: {{E-TITLE}}
- Event Date: {{E-START DATE}} and {{E-END DATE}} (if applicable)
- Event Time: {{E-START TIME}} and {{E-END TIME}} (if applicable)
- Event Location: {{E-LOCATION}}
- Event Address: {{E-ADDRESS}}

**Event Planner Information**
Other non-Cvent data tag elements you might want to consider including in your emails are as follows:

- A map of your event venue (or a link to one)
- Parking information and walking instructions
- Downloadable parking pass
- Event venue information (such as food/beverage allowed inside, clear bag policy, etc.)
- Venue accessibility information
- Any other pertinent event details that your attendees need to know (arrive early, look for signs directing to venue, etc.)
- The CU logo
- A header image associated with your event

**What Not to Include in your Event Emails**

By default, Cvent's emails contain a few elements that you do not need to keep for your event communications. These include the following:

- The Cvent logo at in the footer of your email
- The Cvent privacy policy in the footer of your email
- The unsubscribe option in the footer of your email (since post-event communications are sent transactionally)
