

eComm Upgrade: Additional Reporting Workshops Scheduled ^[1]

January 31, 2019 by [jennifer.mortensen](#) ^[2]

After the first reporting workshop on January 24, the eComm Specialists determined that additional instruction and working time to build reports in new org would be helpful before migration.

The System eComm team will be hosting two additional reporting workshops for eComm Specialists ONLY on February 8 and February 15. The February 8 session will address report building for internal audiences (students, employees), and the February 15 session will address report building for external audiences (affiliates and alumni).

Campaign training for eComm Specialists will be available soon.
