

## **Folders in Marketing Cloud** <sup>[1]</sup>

April 8, 2022 by [Melanie Jones](#) <sup>[2]</sup>

We know how cluttered your Marketing Cloud account can get if you are a frequent sender. Use these different types of folders (and other tips) to stay organized.

### **Content Builder Folders**

- Navigate to Email Studio >> Content Builder. On the left panel folders are listed.
- To add a new folder:
  - Right click the top, **Content Builder** folder
  - Select **Create Folder** in the dropdown

## Content Builder [Use Classic Content](#)

**NEST FOLDERS** Folders can be created within other folders. To do so, simply right click on

the folder name rather than the Content Builder folder.

**Need to move content from one folder to another? There are two methods:**

- Move Content in Bulk
- Move Content Individually
- **Check the box** on the left of the content (multiple can be selected)
- Click the **Action(s)** button in the top right
- Select **Move** in the dropdown

## Salesforce Send Folders

There's two ways to send emails through Marketing Cloud. Guided Send (with a step-by-step wizard) [3] and Salesforce Send Emails [4]. Both methods get your email out the door, but I prefer Salesforce Send Emails to help stay organized. You can name email sends and create a custom folder structure (how-to below).

If you're used to scheduling Salesforce Send emails, your Marketing Cloud Salesforce Send Email screen might look something like the example below with:

- one Salesforce Email Send with a **unique name for each send**.
  - *You can avoid this redundant effort with a slightly different (and more organized) approach.*

Salesforce Sends				
<span>★ Create</span> <span>🗑 Delete</span> <span>📁 View Active Sends</span> <span>➕ Move</span> <span>✉ Send</span> <span>📧 Test Send</span>				
<input type="checkbox"/>	Name	External Key	Description	Created
<input type="checkbox"/>	<a href="#">2019_10 Prez nl - Internal</a>	66875	2019_10 Prez nl - Internal	10/3/2019

<input type="checkbox"/>	<a href="#">2019_10-02 Focus on Faculty</a>	66585		10/2/2019
<input type="checkbox"/>	<a href="#">20191001 Strategic Plan Announcement</a>	66490		10/1/2019
<input type="checkbox"/>	<a href="#">MEC Weekly Digest 092719</a>	65841		9/27/2019
<input type="checkbox"/>	<a href="#">eComm News - September 2019</a>	65628		9/26/2019
<input type="checkbox"/>	<a href="#">2019_09-26 CU Connections Email</a>	65473	2019_09-26 CU Connections Email	9/25/2019
<input type="checkbox"/>	<a href="#">2019_10-03 System Dashboards Invite 2</a>	65472		9/25/2019
<input type="checkbox"/>	<a href="#">Reminder Arizona - Ralphies Corral 2019</a>	65161	Reminder Arizona - Ralphies Corral 2019	9/24/2019
<input type="checkbox"/>	<a href="#">2019_09-23 System Dashboards Invite 1</a>	64931		9/23/2019
<input type="checkbox"/>	<a href="#">MEC Weekly Digest 092019</a>	64519	MEC Weekly Digest 092019	9/20/2019
<input type="checkbox"/>	<a href="#">2019_09-19 CU Connections Email</a>	64217	2019_09-19 CU Connections Email	9/18/2019

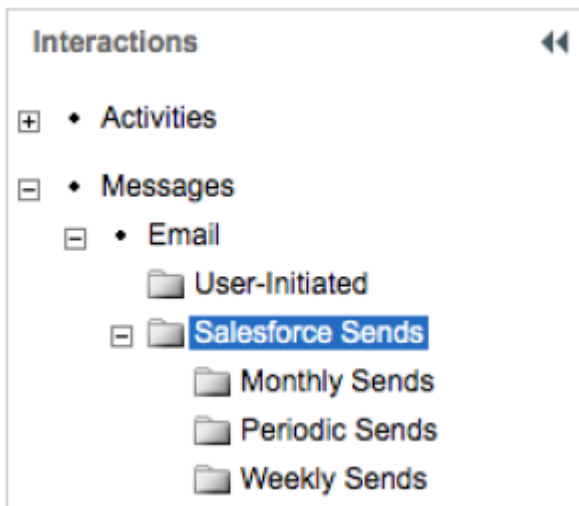

1. Create subfolders under the Salesforce Send Email parent folder.

- From **Email Studio** hover **Interactions** then click **Salesforce Send Email** in the dropdown

The screenshot shows the Salesforce Email Studio interface. At the top, there is a navigation bar with tabs: Email, Overview, Content, Subscribers, Interactions (highlighted with a green box), A/B Testing, and Triggers. Below the navigation bar, the 'Overview' section is visible, showing a list of recent items. On the right side, a dropdown menu is open under the 'Interactions' tab, listing various actions: Import, Data Extract, File Transfer, Filter, Query, Script, Report, Data Factory Utility, User-Initiated Emails, **Salesforce Send Emails** (highlighted with a green box), and Triggered Emails. The background shows a list of email templates, including 'Audit Reminder - 20200422' and 'Email #1 (Discovery) - Welcom...'.

- Right click** on the **Salesforce Send Email folder** in the left navigation pane

- **Select New Folder** in the dropdown and proceed to organize your work as desired.
  - *For this example, we've grouped our work into Monthly, Weekly, and Periodic Sends.*

## 2. From there, you can **create new Salesforce Sends in the desired folder.**

- *For example, after clicking into our 'Weekly Sends' folder, we created two Salesforce Send Emails reflecting our two regular, weekly messages: one communication for CU's eComm Specialists, and other for CU Connections.*

Salesforce Sends > Weekly Sends					
Create          Delete          View Active Sends          Move                    Send          Test Send					
<input type="checkbox"/>	Name	External Key	Description	Created	M
<input type="checkbox"/>	<a href="#">Weekly Send - CU Connections</a>	69912	Weekly Send - CU Connections	10/21/2019 1:53 PM	11
<input type="checkbox"/>	<a href="#">Weekly Send - MEC Weekly Digest</a>	69876	Weekly Send - MEC Weekly Digest	10/21/2019 12:06 PM	11

- Build your weekly Salesforce Send Email <sup>[4]</sup> as you normally would - select your audiences, your send classification, delivery profile, etc.
  - For the content, just select the email that you last sent that falls into this weekly category. Since you aren't scheduling anything yet, there's no risk in connecting a previously sent message to your Salesforce Send Email configuration. We'll update the content before actually sending the message.
- When you're done, **Save** your work.

3. When you're ready to send or schedule the content you create (*each week in our example*), modify your Salesforce Send Email so that it points to the correct content.

- **!TIP!** You can also change the name of the weekly send to reflect the date associated with it.
  - *For example, we modified 'Weekly Send - CU Connections' to 'Weekly Send - CU Connections 103119'. We update that date every week.*

Salesforce Sends > Weekly Sends					
Create          Delete          View Active Sends          Move                    Send          Test Send					
The Salesforce Send has been saved					
<input type="checkbox"/>	Name	External Key	Description	Created	
<input type="checkbox"/>	<a href="#">Weekly Send - CU Connections 103119</a>	69912	Weekly Send - CU Connections	10/21/2019 1:53 PM	
<input type="checkbox"/>	<a href="#">Weekly Send - MEC Weekly Digest</a>	69876	Weekly Send - MEC Weekly Digest	10/21/2019 12:06 PM	

**REMINDER** If you make ANY changes to your email content after saving your Salesforce Send Email, you'll need to re-select your content in the send configuration to ensure that the changes are captured.

## Data Extension Folder

**Only eComm specialists and Super users have access to move Data Extensions.**

Do you have numerous Data Extensions in your Marketing Cloud account? Create folders to organize your Data Extensions to make finding your audience easier when sending.

- From Email Studio, hover **Subscribers** in the navigation
- Click **Salesforce Data Extensions** in the dropdown

Home Email Overview Content **Subscribers** Interactions A/B Testing Tr

## EXAMPLES

CATEGORIES | Email Preference Category, communications, commercial vs. transactional, audience Affiliation, internal/external audience, etc.

## OTHER COMMON FOLDERS | Testing, TXN (for Transactional audiences)

View the folders structure when sending your Marketing Cloud message, via the Guided Send wizard or Salesforce Send Emails.

- Guided Send
- Salesforce Send Email

## Tracking Folders

Tracking folders makes grouping related sends together possible - so comparing their success against each other is easy.

## Create Tracking Folders

- Hover **Tracking** in the top navigation
- Click **Sends** in the dropdown

The screenshot shows the email marketing interface. The top navigation bar includes Home, Email, Overview, Content, Subscribers, Interactions, and A/B Testing. A dropdown menu is open under Tracking, showing options like New Folder, New Campaign, and New List. The left sidebar shows a folder tree under Tracking, with 'My Tracking' selected. The main panel displays a table of tracking items with columns for Job ID and Name.

Job ID	Name
4579193	<a href="#">Virtual Events due to COVID-19</a>
4579110	<a href="#">Virtual Events due to COVID-19</a>
4558453	<a href="#">2020_04 Pres NL</a>
