### **Active Enrolled Field**

- Some of you have asked what time span and/or enrollment level the active enrolled field encompasses. Lisa Carr did some research on this and determined that it's populated (true) if a student is enrolled in at least one class for the current term or any future term.

### **Cvent Flex Sub-Committee**

- Group Members: Mel, Tom, Lauren, Amber, Jason, Andy, Kayla
- Current Status: Group members are finalizing their first Flex event. Once complete, these 5-7 events will be converted to templates to be rolled out at each campus.
- Next Steps: As soon as the event(s) have been converted to a template - ensuring brand and accessibility standards, among other things - we will reach out to your campus team to discuss a [training schedule](#) <sup>[3]</sup> and [communication plan](#) <sup>[4]</sup> that works for your users.

### **Workaround for Active Students and Employees with a Blank Campus Email Field**

- In both 01 and 03, there are active students and employees missing campus emails. While UIS is already aware of this issue, we do not have a timeline yet. If you know these contacts' campus emails and need to include them in communications, the [data extension import workaround](#) <sup>[5]</sup> will allow you to do so.
  - **UCB** | [Students](#) <sup>[6]</sup> | [Employees](#) <sup>[7]</sup>
  - **UCD/AMC** | [Students](#) <sup>[8]</sup> | [Employees](#) <sup>[9]</sup>
  - **UCCS** | [Students](#) <sup>[10]</sup> | [Employees](#) <sup>[11]</sup>
  - **SYS** | [Employees](#) <sup>[12]</sup>

\*UIS is referencing these reports so please do not edit them. Feel free to make your own copies.
