Legislators Attend Special Pre-Screening of Collaborative Film [1]

January 24, 2017 by Natalie Barry [2]

Audience members were treated to a special pre-screening of “The Answer to Cancer May Be Walking Right Beside Us,” a documentary produced by Colorado State University [3] (CSU) and Rocky Mountain PBS [4]. The film highlights the unique and critical collaboration between scientists at the University of Colorado Cancer Center [5] and the One Cure Initiative at the CSU Flint Animal Cancer Center [6].

Representative Dianne Primavera (D-Broomfield) and Representative Leslie Herod (D-Denver) were in attendance for the September premiere. Watch the trailer for the film here [7].
