January 24, 2017 by Natalie Barry [2]

Audience members were treated to a special pre-screening of "The Answer to Cancer May Be Walking Right Beside Us," a documentary produced by <u>Colorado State University</u> [3] (CSU) and <u>Rocky Mountain PBS</u> [4]. The film highlights the unique and critical collaboration between scientists at the <u>University</u> of Colorado Cancer Center [5] and the <u>One Cure Initiative at the CSU Flint Animal Cancer Center</u> [6].

Representative Dianne Primavera (D-Broomfield) and Representative Leslie Herod (D-Denver) were in attendance for the September premiere. Watch the trailer for the film here [7].
