Alternative HCM Glossary now available [1]

December 17, 2018 by Employee Services [2]

The HCM Glossary is now available in a searchable document for easier user access.

Rather than selecting a letter within a searchable web page, you can download an interactive document [3]. From there, you can select the first letter of the term you wish to see, and you will jump to the page containing the term. Content is organized alphabetically, and you may scroll up and down within the document.

To complete a word search within the glossary, press **Ctrl+F** and enter a term.

Access and explore the new document here [3]. Send suggestions, additions, and correction to system.training@cu.edu [4].
