

Auto-Create Timesheet function working again ^[1]

March 14, 2017 by [Employee Services](#) ^[2]

On March 10, the Auto-Create Timesheet function in the CU Department Timesheet Review page was not working properly ^[3]. Last night, a fix was implemented and the Auto-Create function is now working again.

Approximately sixty-six exempt employees' time was not pulled in successfully, but Employee Services corrected this issue.

We apologize for any inconvenience this may have caused. Thank you for your patience.
