CU Careers to upgrade on June 7 [1]

May 22, 2018 by Employee Services [2]

CU Careers will upgrade as part of routine system enhancements from **1-4 a.m. June 7** during the daily maintenance window. The upgrade will not impact usage of CU Careers.

Taleo, the system that powers CU Careers, will move from version 15B to 17.4. This upgrade will not affect the system's look or feel but will provide better overall user experience through improved performance for recruiters and candidates.

Enhancements include:

- Taleo Client Connect (integration security patches)
- Confirmed candidate accounts to ensure applicants have verified their profile content
- New reporting fields for increased reporting functionality
- Heightened user session security
- Bug fixes
