

New HCM Updating Data course available in Skillsoft ^[1]

February 9, 2018 by [Employee Services](#) ^[2]

A new Skillsoft course, **HCM Updating Data**, has replaced two previously offered courses, HCM Position Data and Non-Person Profile and HCM Managing People and Jobs.

This course presents conceptual information about HCM and how it is used to manage human resources data. It introduces employees to topics associated with managing employee data in HCM, such as personal data, persons of interest (POIs), and personnel actions associated with the life cycle of an employee. It takes around an hour to complete, and covers the following topics:

- Updating data
- Types of data HCM manages
- Examples of personnel actions recorded in HCM

The screenshot shows the University of Colorado Learning Plan interface. On the left, a sidebar lists various categories under 'CU System', with 'HCM' highlighted in a red box. The main content area, titled 'CU System > HCM', displays a list of HCM courses. Each course entry includes an icon of three people, the course title, a 'Custom - Course' duration, and a 'LAUNCH' button. The 'CU: HCM Updating Data' course at the bottom of the list is highlighted with a red box.
