

October business partner meetings to feature giveaways, updates and more ^[1]

September 25, 2014 by [\(not verified\)](#) ^[2]

This October, when you join Employee Services at your campus' business partners meeting, you'll walk away with a giveaway when you participate in an interactive survey.

The ES team will be on the four campuses and within the System office from Tuesday, Oct. 28 – Thursday Oct. 30. They'll provide updates on projects and offer a new way for getting your anonymous input on the HRMS before it gets overhauled:

- Participate in an interactive survey about the current HRMS system and you'll get your hands on a giveaway promoting CU Elevate, the university's HR and Finance systems upgrade project.
- Get the latest updates on the Elevate project, including decisions you and/or your teams have helped make about how the new system will function.
- Hear how many employees have been issued paycards since the university started eliminating paper payroll checks and how we'll work with you on ongoing pay efforts.
- Stick around for important end-of-year reminders that will be key for you and your teams.
