

## PET drill fix implemented <sup>[1]</sup>

August 24, 2016 by [Employee and Information Services](#) <sup>[2]</sup>

Sometimes drills from m-Fin FINANCIAL DETAIL to m-Fin PET were incorrectly returning "no data found." This is fixed now.

These drills are available if you select the m-Fin FINANCIAL DETAIL EXTRAS option *PET OPER ID, DATE, SEQ*, and you do indeed have some PET data ([payroll expense transfer](#) <sup>[3]</sup>). The error happened only when drilling to FY 2016 PET's when the detail run was set to get data from more than one FY.
