

Set your new employees up for success with these tasks ^[1]

August 15, 2024 by [Employee Services](#) ^[2]

When new hires start, they must complete a variety of important tasks related to personal information, benefits, payroll and training in the [employee portal](#) ^[3].

Share these tips and tricks with your new hires to help them understand what they need to do, learn their way around the portal and manage their information throughout their time at CU. This article covers common tasks and features in the My Info and Pay, Benefits & Wellness and Training sections.

Helpful hints before they begin:

- Turn off the popup blocker ^[4] while in the portal as many pages populate in a new

window.

- Access the drop-down menu at the top left of the page for easy navigation between sections while completing tasks.
- If they encounter problems loading any portal pages, direct them to clear their cache. This [UIS tech tip post](#) ^[5] includes more in-depth instructions to ensure their browser cache gets cleared completely.

Digital Delivery Options

Visit **My Info and Pay** for the following tasks:

1. **Adding optional disability, veteran and ethnic group information:** This information can be added by clicking on the **Additional Information** tile. Providing information about disability, veteran status and ethnic group is voluntary, but highly encouraged because it helps CU measure how well we deliver equal opportunities to qualified people with disabilities, comply with the Vietnam Era Veterans' Readjustment Assistance Act (VEVRAA) and meet governmental recordkeeping and reporting requirements for the administration of civil rights laws and regulations.
 1. **Note:** It's a good idea to review your Social Security number for accuracy, as well. An incorrect or missing Social Security number will impact your W-2, annual tax filing and benefits.?
2. **Viewing your paycheck:** To view details and ensure paychecks are correct, visit the **Paychecks** tile. If the paycheck is not populating, ensure your popup blocker is off.
3. **Adding or updating an emergency contact:** In the event of an emergency, make sure emergency contacts can be reached by adding or updating their information in the **Emergency Contacts** tile.
4. **Setting up direct deposit:** To correctly set up direct deposit, review this step-by-step guide, then visit the **Direct Deposit** tile. Incorrect set up can lead to a return of funds and delay in receiving wages, so please ensure employees understand how to enter their information. See [full instructions](#) [6].
5. **Updating or correcting personal information:** Add or adjust the following information in the **My Info** tile: Addresses, personal and emergency contacts, ethnic information, disability and veteran information.
6. **Adding W-4 information:** Fill out your W-4 tax data in the **W-4** tile to ensure you are taxed appropriately on your first paycheck. See [full instructions](#) [7].
 1. **Note:** International employees should not make changes to their W-4 election without guidance from an International Tax Specialist.

2. Benefits and Wellness tasks

On the **Benefits and Wellness** page, finalized benefits selections can be viewed in the **Benefits Summary** tile.

For those still determining the best benefits package for their needs, they can review their options through the **Payroll & Benefits Orientation** tile and make their selections through the **Benefits Enrollment** tile.

3. Training tasks

New employees may need to complete required training. This can be done in the **Skillsoft** module on the **Training** page.

Have questions?

For questions about these tasks, employees should contact their campus Human Resources office:

- [CU Denver | Anschutz Medical Campus](#) [8]
- [CU Boulder](#) [9]
- [CU Colorado Springs](#) [10]
- [System Administration](#) [11]

For questions related to benefits, payroll or Skillsoft, email:

- benefits@cu.edu [12]

- payroll@cu.edu [13]
- system.training@cu.edu [14]
