

## **Some funding end dates require updates following budget roll-forward** <sup>[1]</sup>

July 12, 2016 by [Employee Services](#) <sup>[2]</sup>

Following last month's [department budget table roll forward to fiscal year 2017](#) <sup>[3]</sup>, we discovered an issue with end dates. We're asking you to review and, if necessary, correct funding before July payroll.

### **What happened?**

When HCM added new FY 2017 rows during the roll-forward, we added a funding begin date of 7/1/2016 and discovered that funding end dates of 6/30/2016 or earlier did not process correctly.

To resolve the issue, we've updated any current funding with an original end date earlier than 7/1/2016 to a default end date later than 7/1/2016.

### **What this means for you**

Since this default end date is likely incorrect, we're asking you to review your funding and enter the correct end date before July payroll processes.

For a refresher on entering funding changes, please consult this [step-by-step guide](#) <sup>[4]</sup>. Remember to select FY 2017 when entering a new end date.
