

## System and Query performance, CU HCM User Workcenter Queries operational <sup>[1]</sup>

June 22, 2017 by [Employee Services](#) <sup>[2]</sup>

Reports of system slowness due to long running queries were reported on the afternoon of Tuesday, June 20. A fix has been implemented to improve the query performance at this time, and an additional fix has been made to resolve issues incurred with accessing queries through the CU HCM User Workcenter.

Please contact [hcm\\_community@cu.edu](mailto:hcm_community@cu.edu) <sup>[3]</sup> if further issues arise.

Thank you for your patience while we resolved these issues.
