

System fixes for June 13-17 ^[1]

June 17, 2016 by [Employee Services](#) ^[2]

We've migrated two fixes related to My Leave:

Retiree daily rate timesheets in My Leave

Previously, payroll liaisons could not pull in reported time for retirees paid a daily rate. For these employees, the payment status now updates in CU Department Timesheet Review, and you may successfully pull the days into CU Time.

This issue has affected 24 employees per month. If you haven't already entered their time manually, please ask these employees to submit their timesheets so you can pull the information from My Leave into CU Time.

To ensure all retirees paid a daily rate receive accurate compensation, we will run a query during monthly payroll to ensure reported days process correctly. **Reminder:** [We've extended the June monthly payroll upload deadline](#) ^[3] to 2 p.m. Monday, June 20.

Updated payment statuses in CU Department Timesheet Review

To make it easier to use, we added new statuses to the CU Department Timesheet Review page. Check them out in the revised [My Leave for HCM Community Members step-by-step guide](#) ^[4].
