

System fixes for May 31-June 3 ^[1]

June 3, 2016 by [Employee Services](#) ^[2]

This week, we migrated the following fixes:

POIs

You may now edit POI effective dates, which allows you to enter two POI types on the same day. Enter a unique effective date for each POI type to ensure both transactions process successfully.

Please download the revised [Add a POI](#) ^[3] and [Add a POI Type](#) ^[4] step-by-step guides to see this change.

Contract pay

We've modified the Pay Rate Change—Reappointment transaction page so it mirrors the information on the Hire/Rehire Contract Document page.

Please review the revised [Pay Rate Change step-by-step guide](#) ^[5] to see the new design.
