Transaction errors resolved

We've cleared the HCM application cache at 4 p.m. to resolve this morning's transaction errors. To implement this fix, please clear your browser's cache using **Ctrl+Shift+Delete** for Windows or **Command+Shift+Delete** for Mac.

If you are still experiencing issues, please open a service ticket; our team will assist you as soon as possible.

Payroll registers ready to run

We have confirmed monthly payroll, and you may now run payroll registers.
