

## **User alert: Transactions still erring out** <sup>[1]</sup>

April 22, 2016 by [Employee Services](#) <sup>[2]</sup>

This morning, we reported that users received errors <sup>[3]</sup> when processing transactions. Despite an earlier message about a fix put into place, we have found that errors are still occurring. We are continuing to research the root cause and working toward a solution.

When a solution is in place, we will alert you. Thank you for your patience as we investigate this issue.
