April 22, 2021 by [Elizabeth Snow-Trenkle](#) ^[2]

We reviewed the following topics:

- Uploaded Files
- Data Modules
- Data Sets

We reviewed how our team is using uploaded files, data modules, and data sets in our status reports and audit reports. If you were unable to attend the training but would like a copy of the documentation, please email us at irm@cu.edu ^[3].

Our next training will be on Thursday, May 20th at 12pm MST. We will review how to build drill throughs from one report to another (specifically from visualizations to lists). If you would like to register for the training, please email us at irm@cu.edu ^[3].
