

## Direct/Indirect Cost For Orgnodes <sup>[1]</sup>

August 4, 2015 by [Carl Sorenson](#) <sup>[2]</sup>

New for m-Fin: For your org or orgnode, get one line per project showing direct and indirect costs for a range of dates you provide. This is not limited to a fiscal year.

The report is in the *orgnode reports* subfolder and is available to you now for testing in [Cognos QA](#) <sup>[3]</sup>:

Public Folders ?> CU Reporting ?> Finance ?> Orgnode Reports? > m-Fin PROJECTS  
DIRECT AND INDIRECT COST

It can run for multiple orgs and orgnodes at once. If you don't need specific day precision then use the MONTHS prompt. It usually runs faster.
