# Enhancement to m-Fin COMPENSATION SUMMARY report [1]

March 29, 2022 by Sarju Khadka [2]

We have added monthly percent columns to the last two pages of the report. These new columns are optional, and you can turn them on or off using the EXTRAS prompt available on the prompt page of the report.

This enhancement is available for you to test in cu-data QA. If no issues are found, the report will be migrated to cu-data production in the next few days.
