# Improvements To m-Fin SPEEDTYPE SUMMARY [1]

July 9, 2012 by Carl Sorenson [2]

Please test in Cognos QA and leave feedback for us by posting a comment on this blog page, below. Are the improvements helpful? Are they working properly? **[8-sep-2012 This work is in production now.]**

Don't see the *Post Comment* button? Probably you are reading this as an e-mail and you can click a link to come into the blog to post a comment.

## New

- **Five more options added to the EXTRAS prompt.** Now the report can show org and can show project dates.
- **ORG, SPEEDTYPE option added to the SORT prompt.**

## Fixed

- **Blank first pdf page fixed.** Previously sometimes the first page of pdf output would have only the header and footer.
- **Order of AVAILABLE BALANCE sort fixed.** Previously sometimes rows were slightly out of order.
- **CU Marketplace SPO label fixed.** Previously CU Marketplace SPO's were displaying as EN_SPO_CMKT. Now they display as SPO ENCUMBS, like they do in m-Fin OPERATING SUMMARY. This is just a change to the label. The dollar amounts are not

changed.
