

INC And LEG ^[1]

August 19, 2013 by [Carl Sorenson](#) ^[2]

m-Fin COMPENSATION SUMMARY and m-Fin PAYROLL TRANSACTIONS have been changed to compute benefits rate both with and without INC and LEG. INC and LEG are payroll earnings type codes. INC is INCENTIVE PAY. LEG is MED – LEGAL pay. These unusual earnings types occur mostly on Anschutz Medical Campus.

When pay does not involve INC and LEG then these reports are the same as they were before, except for some improvements to the column header labels.

Please test in Cognos QA and leave your feedback below, particularly if you analyze pay that involves INC or LEG.
