# JOURNAL ENTRIES [1]

January 29, 2015 by Carl Sorenson [2]

JOURNAL ENTRIES is a new report to replace the old Journal Entry searching report. The old report used some unsupported techniques and is no longer working. We still used the old "journal print" Cognos report for the drill target, when you select the JE you want to list out.

JOURNAL ENTRIES is ready for you to test now in Cognos QA. **[12-feb-2015 migrated to production]**
