m-Fin ABNORMAL BALANCE & RESOURCE DEFICIT Renamed [1]

November 5, 2020 by Sarju Khadka [2]

We have renamed this report to m-Fin RESOURCE DEFICIT & ABNORMAL BALANCE. You'll notice a few updates to the report:

- The order of the Resource Deficit Report and Abnormal Account Report prompts has been swapped on the prompt page. This information has also swapped order on the report to display the Resource Deficit section at the top.
- We have also changed 'Net Assets' to say 'Net Position' on the prompt page and the report.

This is available in CU-Data QA [3] and will migrate to production in the next couple of days.

Please note: Unfortunately, the renaming of this report will break any previously saved Report Views of this report. When your old Report View breaks, you will need to create a new Report View [4].
