m-Fin EXPENDITURE TYPE SUMMARY [1]

May 5, 2017 by Carl Sorenson [2]

m-Fin EXPENDITURE TYPE SUMMARY throws an error when paging down through multi-page html output.

Work-arounds: 1. Output to pdf; or 2. Use single-speedtype mode to run one speedtype at a time.

We are working to find a solution. **[Sep2017 This is fixed now in production]**
