m-Fin Production Migration [1]

February 12, 2015 by Carl Sorenson [2]

Five reports have migrated to production.

1. **JOURNAL ENTRIES.** Replacement for the old, broken Journal Entry "search" report.
2. **m-Fin EXPENDITURE TYPE.** Descriptions rather than just codes in subtotal footers. Improved prompt validation.
3. **m-Fin OPERATING SUMMARY.** Improved zero suppression in AVAILABLE BALANCE report section. E.g. when liabilities all net to zero they are not shown.
4. **m-Fin POSITION BUDGET.** Cell wrapping prevented for the display of POSITION NUM - INCUMBENT ID -- NAME.
5. **Project Reports > m-Fin LOC POOL.** Text box prompt instead of drop-down picklist prompt for project id. This report is used by the Sponsored Projects Accounting office for letter of credit processing.
