m-Fin Production Migration [1]

January 5, 2016 by Carl Sorenson [2]

Several reports are revised with changes that migrated to Cognos production last night:

- Reports that show project attributes in a header in the upper right, such as m-Fin REVENUE AND EXPENDITURE SUMMARY, now properly display the PROJECT FISCAL MANAGER. This is the GADM PeopleSoft *project team* assignment.
- Look Ups > m-Fin ACCOUNT TREE LIST. No longer lists whether the account is system maintained because this attribute is no longer available.
- Look Ups > m-Fin ORG TREE LINEAGE. No functional change. Just minor internal adjustments in order to get it working again now that CU is running PeopleSoft 9.2.
- Look Ups > m-Fin ORG TREE LIST. No functional change. Just minor internal adjustments in order to get it working again now that CU is running PeopleSoft 9.2.
