m-Fin production migration [1]

June 21, 2019 by Sarju Khadka [2]

Recent m-Fin work has migrated to production:

- m-Fin FINANCIAL DETAIL II - new prompt added to the report. This new prompt, MATCH TEMPLATE SUBTOTAL, allows you to display an additional header and footer if you have credit card transactions, or other data showing in the report with the description "*MATCH TEMPLATE*". It groups these transactions in a way that is meant to help with reconciliation.
- m-Fin GROSS MARGIN COGS - incorrect revenue amount and rev percent fixed.
