

## **m-Fin PROJECT FINANCIAL STATUS Report Enhancements** <sup>[1]</sup>

November 13, 2020 by [Sarju Khadka](#) <sup>[2]</sup>

We have updated the m-Fin PROJECT FINANCIAL STATUS report to include the prorated budget shape on its classic chart. If you would like to see this enhancement, select 'BUDGET(CLASSIC)' on the CHART prompt when running the report.

We have also made a couple of other changes to the report:

- The classic chart will now render when there is no budget. The micro chart, however, will still not.
- The m-Fin PROJECT FINANCIAL STATUS report is meant to be one page per project. We have fixed an issue where the report was rendering multiple pages for some projects.

This report is available in [CU-Data QA](#) <sup>[3]</sup> and will migrate to production in the next couple of days. **[now in production]**
