m-Fin reports currently down [1]

September 10, 2020 by Sarju Khadka [2]

The GL_JOURNAL_DETAIL_LINES table that most of our finance reports use is currently unavailable. Therefore, the m-Fin reports are not rendering. UIS/IRM is aware of the issue and are actively working on resolving the problem. We request you not rerun reports until the table is available, as this can clog the system.

We will update this blog once the table is available and the reports are running again..

Finance reports are now up and running!
